

Learn more about your macular disease diagnosis

By registering with the FREE MyInteract app, you will gain access to high quality, evidence-based factsheets, videos and information to help you live well with macular disease.

The resources produced by Macular Disease Foundation Australia are overseen and approved by some of Australia's leading experts in ophthalmology and eye health.

To register with MyInteract and access free Macular Disease Foundation Australia resources:

1. Register by scanning the QR code or visit rego.interact.technology/mdfa
2. Download myINTERACT app, or access the myINTERACT website at my.interact.technology
3. Log in using the email and password entered in Step 1

Download with confidence.
